Champaign County YMCA Splash Birthday Parties

The minimum age for those attending splash parties is 10 years old. This coincides with our policy of no one under 10 years old being allowed to enter the pool alone. However, if a child under 10 years old and can pass the deep water test, they are allowed to enter the pool alone. A Splash party that has participants under age 10 that cannot pass the deep end test, must have 1 adult for every 3 participants in the water.
